

 M1EC05**Question**

Q5. Thinking of your family members living in your household in the last calendar year, what was your total family household income before taxes and deductions in the last calendar year? In addition to wages, include income from alimony, child support, public assistance or welfare payments, veteran's payment, unemployment or worker's compensation, Supplemental Security Income, Social Security, or retirement pensions.

1	None
2	less than \$10,000
