## Data Layouts

### Wave I-II Family Structure Array

#### Wave I-II Family Structure Array

##### FAMST\_0 - Family structure at birth

Type	Code
Measurement Unit	numeric
FAMST_0	Family Structure at Birth
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents

##### FAMST\_1 - Family structure at age 1

Type	Code
Measurement Unit	numeric
FAMST_1	Family Structure at Age 1
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents

##### FAMST\_2 - Family structure at age 2

Type	Code
Measurement Unit	numeric
FAMST_2	Family Structure at Age 2
1	two biological parents

2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents

#### FAMST\_3 - Family structure at age 3

Type	Code
Measurement Unit	numeric
FAMST_3	Family Structure at Age 3
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents

#### FAMST\_4 - Family structure at age 4

Type	Code
Measurement Unit	numeric
FAMST_4	Family Structure at Age 4
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents

#### FAMST\_5 - Family structure at age 5

Type	Code
Measurement Unit	numeric

FAMST_5		Family Structure at Age 5
1	two biological parents	
2	single biological mom	
3	single biological dad	
4	biological mom and first step-parent	
5	biological dad and first step-parent	
6	other: no co-resident biological parents or step-parents	
7	biological mom and second step-parent	

### FAMST\_6 - Family structure at age 6

Type	Code	
Measurement Unit	numeric	
FAMST_6		Family Structure at Age 6
1	two biological parents	
2	single biological mom	
3	single biological dad	
4	biological mom and first step-parent	
5	biological dad and first step-parent	
6	other: no co-resident biological parents or step-parents	
7	biological mom and second step-parent	

### FAMST\_7 - Family structure at age 7

Type	Code	
Measurement Unit	numeric	
FAMST_7		Family Structure at Age 7
1	two biological parents	
2	single biological mom	
3	single biological dad	
4	biological mom and first step-parent	
5	biological dad and first step-parent	

6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent

#### FAMST\_8 - Family structure at age 8

Type	Code
Measurement Unit	numeric
FAMST_8	Family Structure at Age 8
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent

#### FAMST\_9 - Family structure at age 9

Type	Code
Measurement Unit	numeric
FAMST_9	Family Structure at Age 9
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent

#### FAMST\_10 - Family structure at age 10

Type	Code
Measurement Unit	numeric
FAMST_10	Family Structure at Age 10

1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent

 FAMST\_11 - Family structure at age 11

Type	Code	
Measurement Unit	numeric	
FAMST_11	Family Structure at Age 11	
1	two biological parents	
2	single biological mom	
3	single biological dad	
4	biological mom and first step-parent	
5	biological dad and first step-parent	
6	other: no co-resident biological parents or step-parents	
7	biological mom and second step-parent	

 FAMST\_12 - Family structure at age 12

Type	Code	
Measurement Unit	numeric	
FAMST_12	Family Structure at Age 12	
1	two biological parents	
2	single biological mom	
3	single biological dad	
4	biological mom and first step-parent	
5	biological dad and first step-parent	
6	other: no co-resident biological parents or step-parents	

7	biological mom and second step-parent
10	not observed at this age

 FAMST\_13 - Family structure at age 13

Type	Code
Measurement Unit	numeric
FAMST_13	Family Structure at Age 13
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
8	biological mom and third step-parent
10	not observed at this age

 FAMST\_14 - Family structure at age 14

Type	Code
Measurement Unit	numeric
FAMST_14	Family Structure at Age 14
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
8	biological mom and third step-parent
10	not observed at this age

 FAMST\_15 - Family structure at age 15

Type	Code
Measurement Unit	numeric
FAMST_15	Family Structure at Age 15
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
10	not observed at this age

 FAMST\_16 - Family structure at age 16

Type	Code
Measurement Unit	numeric
FAMST_16	Family Structure at Age 16
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
10	not observed at this age

 FAMST\_17 - Family structure at age 17

Type	Code
Measurement Unit	numeric
FAMST_17	Family Structure at Age 17
1	two biological parents

2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
10	not observed at this age

 FAMST\_18 - Family structure at age 18

Type	Code
Measurement Unit	numeric
FAMST_18	Family Structure at Age 18
1	two biological parents
2	single biological mom
3	single biological dad
4	biological mom and first step-parent
5	biological dad and first step-parent
6	other: no co-resident biological parents or step-parents
7	biological mom and second step-parent
9	biological dad and second step-parent
10	not observed at this age
